Planned agenda

- Update on Component specification work
 - Where are we with the component spec?
 - Do we need to schedule more meetings in the coming months? (I'm happy to coordinate.)
 - Do we have something ready for publishing and discussion?
- Mobica update on CANDevStudio if interested and available
- Solys update if Torsten is interested and available
- AoB

Minutes

- Update on Component specification work
 - Need to blow some wind into the sails again, would be nice to coordinate new meetings after the vacation time
 - BMW have come a long way with their spec and would like to make public to GENIVI and begin discussing
 - Extension of the Franca grammar with validation as a PoC, no additional tooling available yet
 - Early proof of concept
 - Once we have agreement we ought to start a project to implement in a more professional way
 - Franca-plus GitHub, discuss with Manfred
 - We should have a regular time slot for these meetings so that we can make progress before vacation
 - SSL certs for Go server (Nic just back from vacation)
