2017 reports (Scrum process)

Reports are given for each sprint duration instead of calendar week (i.e. Thursday to Wednesday).

Most of the details of the reporting can be viewed **live** using the JIRA queries on the page [GDP Delivery weekly report](#). A snapshot of that page shall be printed to PDF and stored here [before](#) the sprint is closed.

The PDF snapshot in combination with the GDP Community Meeting Minutes make up the full weekly report.
