

Alignment of D-Bus mapping for Franca and CommonAPI C++/C

This page is dedicated to the alignment of the D-Bus mappings for Franca (Franca to D-Bus connector), CommonAPI C++ with D-Bus backend, and CommonAPI C.

Previous work

This is a spreadsheet from January 2014 comparing the D-Bus mappings of Franca 0.8.10 and CommonAPI C++ 2.1.2. This might be outdated, but it is at least an initial point for the discussion.
